MUCH PROGRESS IN SCHOOL YEAR BY MID-PACIFIC

The first half-year of the Mid-Pacific Institute has just closed and the board of managers at the semi-annual meeting last week were greatly pleased with the progress made and with the outlook for the future. The meeting was memorable because it was just 5 years ago that the Manoa site was chosen and since then the two fine buildings have been erected, the 50 acres surrounding them developed and improvements made, the total outlay being \$200,000 and no debt. Endowments to the extent of \$30,000 have been secured, but generous annual gifts equal the income of a very handsome endowment. All this within six years gave good cheer to all.

Doctor Scudder presided at the meeting in the absence of Francis W. Damon, the far-sighted founder of the Mid-Pacific. As the institute has two departments, one for girls called Kawaiahae Seminary, and another for boys called Mills School, two reports were offered. Miss Mabel Bosher, who has so ably conducted Kawaiahae for the past five years, reported 130 girls and many waiting to enter. Besides splendid progress in domestic science and industrial pursuits the girls now have taken up garden patches for flowers and vegetables. All the work of the school is done by the girls themselves and a most attractive school it is at all times. A remarkable group of girls composed of 28 nationalities, though the Hawaiian prevails.

Dr. W. P. Ferguson, the new principal of Mills School, reported a very active and progressive year. One hundred and eighty students are in attendance, made up of 10 nationalities. Most of the students are self-supporting and willing to make large sacrifices for a good education. Shop work, farm work and a large dairy afford ample opportunities. The boys have played soccer so well this season and the other sports that the board decided to encourage them by creating a splendid athletic field to be ready next September. The establishing of a new boundary line between the College of Hawaii and the Mid-Pacific has just made possible the carrying out of a special scheme for the field long deemed most desirable. Another advance step is to require after this year that all boys live in the splendid dormitories of the school. Instruction in music, athletics and military discipline is to be provided. The courses now provide for full college entrance and of the 10 boys graduating this year five expect to enter college. The Peace scholarship established by the Friend under Mr. Theodore Richards, will bring three more Japanese boys from Japan's best school in September to the privileges of Mills School.

A new Y. M. C. A. has been established by Mr. Super and Mr. Kilham at Mills; also two literary societies called the Damon Lyceum and the Alpha Phi. Dr. Ferguson conducts also a weekly study of missions and assists Rev. John Erdman in the Bible training school which now enrolls a dozen students preparing for Christian work.

Mrs. B. M. Allen, one of the most highly esteemed members of the board, recently passed away. A resolution of esteem and condolence was spread upon the minutes.

Hon. George N. Wilcox, one of the staunchest friends of the Mid-Pacific, was elected a manager. The other members are Doctor Scudder, Doctor Wadman, George E. Castle, William A. Bowen, Mrs. Frank Damon, Mr. Frear, Mrs. J. M. Atherton, Rev. O. H. Gulick, Joseph P. Cooke, Richard A. Cooke, Theodore Richards and Frank C. Atherton.

SEE IF THE CHILD'S TONGUE IS COATED

Mother! Don't hesitate! If cross, feverish, constipated, give "California Syrup of Figs."

Look at the tongue, mother! If coated, it is a sure sign that your little ones stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad, has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels, without griping, and you have a well, playful child again.

You needn't coax children to take this harmless "fruit laxative"; they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages, and for grown-ups, plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—advertisement.

WOMAN'S BEAUTY

NO SECRET

It all lies in the care she bestows upon herself and in keeping at bay those dread little peculiarities to her sex. The flashing eye, the elastic step and the clear complexion never accompany organic troubles. The distressed expression, lassitude, headaches and mental depression are only the telltale symptoms. Women so troubled should take Lydia E. Pinkham's Vegetable Compound, that simple remedy made from roots and herbs and restore their health to a normal condition.—advertisement.

DANCING WIDOW WILL REACH HERE IN THE MONGOLIA

When the steamer Mongolia reaches here from the coast March 11 she will carry as passengers Mrs. Margaret Weldon and her son, Theodore Weldon, a student of the University of California, who propose to dance their way around the world.

Mrs. Weldon, a handsome widow of 37, may remain here for a few weeks, instructing society folk in the tango, Castle walk, hesitation waltz and the other synchronous steps. She has instructed the smart set of Oakland and Alameda, Cal., in the new dances, assisted by her son.

She has trained her son, who is 20, to assist her, and the two have been familiar figures recently at the smart dances held in the transbay cities, Elythe the Quaker Glider.

Mrs. Weldon and her son have evolved a new dance which they call the Quaker glide. It is a combination of the fascinating skip of the Douglas Cranes, the hug made famous by the Maurices and a number of fanciful steps adapted from the work of other noted dancers.

The dance was introduced into Oakland ballrooms just before the round-the-world dancing tour was begun by mother and son.

Mrs. Weldon turned to dancing as a means of livelihood after the death of her husband, a year ago in Chicago.

She went to New York to study, and while there danced at Castle house, the home of Vernon Castle and his wife, who originated the Castle walk.

Some six months ago Mrs. Weldon and her son came to California and young Weldon entered the University of California as a junior, while his mother began the instruction of club and society women of Oakland and Berkeley in the newer steps of the ballroom.

The son soon acquired skill as a dancer, and from a friendly instructor of his brothers of the Sigma Phi Epsilon fraternity became a valued assistant to his mother. Among the homes at which the mother and son have exhibited their art are those of Mr. and Mrs. F. C. Cushing, Mr. and Mrs. Tyler Henshaw, Mr. and Mrs. George Rodolph, Dr. and Mrs. O. D. Hamlin, Mr. and Mrs. George W. Emmons. Some weeks ago they journeyed to Coronado, where they were presented to the exclusive set at a dance given by Mrs. Claus Spreckels Jr. of San Francisco and Mrs. Walter Dupee of Chicago.

BIRTHS

BEAMER—In Hilo, Hawaii, February 22, 1914, to Mr. and Mrs. P. C. Beamer, a son.

VALPOON—In Honolulu, February 27, 1914, to Mr. and Mrs. Charles Valpoon, of Dowsett Lane, a son.

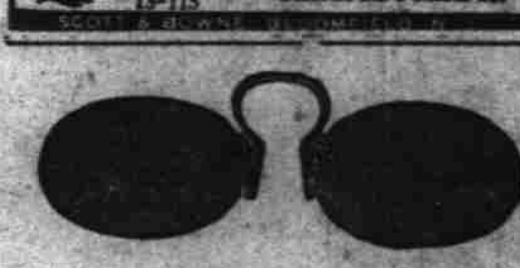

Arrangements have been made for a meeting between Sir Lionel Carden, British minister to Mexico, and President Wilson.

AFTER MEASLES Whooping-Cough or Scarlet Fever

is a critical period—weakened throats, delicate bronchial tubes and unsteady lungs often follow; sometimes impaired sight or hearing.

But if SCOTT'S EMULSION is taken promptly and regularly after the fever subsides it quickly restores pure blood and strengthens the lungs. Its nourishing force restores appetite, strength and energy. SCOTT'S EMULSION contains just the elements nature requires to restore sound health; it is totally free from alcohol or harmful drugs. Children relish it.

If there's one thing that does not admit of any guessing it's fitting
